

Introducing the Clipper Cordova 60

Performance and luxury, form and function come together in perfect harmony aboard the Cordova 60. Inside and out the Cordova 60 impresses with its timeless style, classic design and luxurious interiors. Pilot from the lower helm and enjoy sweeping visibility, or from the fly bridge where panoramic views and luxurious seating create an irresistible setting for your family and friends. Designed by a renowned Canadian Marine Architect, the Cordova 60 represents the Clipper experience at its finest. Standard features include hydraulic

stabilizers; hydraulic bow and stern thrusters, a large aft cockpit, fly bridge hardtop, a built-in fly bridge wet bar, a full Raymarine Electronics package and much, much more.

When it comes to a yacht that combines both classic traditional interiors and stable sea worthy designs that can be enjoyed year round, the Cordova 60 hits the mark. Features that stand out and have been taken into consideration during the design process are the fully covered walk around decks that allow for easy access

The Clipper Cordova 60 Motor Yacht will be on display at Sanctuary Cove International Boat Show this year.

to and from the forward and aft decks. The master stateroom is positioned mid ship, luxuriously appointed and spacious, encompassing the full beam. The other cabins that make up the three-cabin layout

are all full head height throughout with well-appointed bathrooms. Following with the traditional look and feel of the Cordova 60, the interior has been fully fitted out with teak, encouraging a sophisticated and relaxed environment to indulge in. ➤

Cordova 60

To Darren Berry,
 Clipper Motor Yachts

Dear Darren, Thank you for the kind hospitality you extended to Sue and I on our Maiden voyage aboard our new Clipper. We both love our boat and we will be spending this Easter Holidays exploring Pitt Water with our extended families. My son and grandkids love the walk-around decks, and the large back deck. Please let us know when the next Clipper owners rendezvous is scheduled as we would like to meet other Clipper owners. Good Luck with all of your new models.

Ken and Sue, Windsor, NSW

Dear Darren Berry,

It always amuses me how things can change. I was just about to sign up with another brand of displacement cruiser when I saw the Clipper 40 at the boat show for the first time. The timeless design reminded me of a Gentleman's cruiser. Having just sold my cruising yacht I understood where things should be and the clipper had it all. Everything was where a good designer would place it, from light switches and draws to the mechanical equipment, so I signed up for my new home. For me, having the support of the Clipper Motor Yacht team at the Rivergate Marina was just as important and I have found them to be most professional and experienced, although I have never needed to call except for a social chat about my potential new Clipper 52. Now two years on and I'm as satisfied today as I was when I took delivery in Brisbane and cruised to my homeport in Sydney.

Best regards, Peter Gregory, M.V.ROYCE
